The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

Enrollment by Racial and Ethnic Group

This table shows the number of students enrolled by grade for the past three school years. Ungraded students are students who are "on roll" but are educated in ungraded classrooms.

This table shows the percentage of students by student group for the past three school years. Data for some student groups was not available before 2016-17.

This table shows the percentage of students by racial and ethnic group.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the ESSA accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAX survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAX survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	35	17.5%
Mathematics Proficiency	58	17.5%
English Language Arts Growth	59	25%
Mathematics Growth	81	25%
Chronic Absenteeism	92	15%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		65.3
Summative Rating: Percentile rank of Summative Score		74 th
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

† Indicator weights for this school were adjusted due to data availability.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Courses, Curriculum, Instruction:</p>	<p>Our academic programs are first rate. We offer hands on science which allows our students to experience science and not just hear about it. Our literacy program opens the doors to a world of knowledge, integrating reading and writing skills. We address the NJ Student Learning Standards and utilize technology in all classrooms. Our students create, communicate, collaborate, and problem solve.</p>
 <p>Before and After School Programs:</p>	<p>Our school offers a before and after school child care program. Students are afforded the opportunity to be in a safe and warm environment prior to school and after school. There is adult supervision that provides play activities and and assists the children with homework. Students are given time to have snacks, play outside, use the computer lab, and make new friends. The program is supported by our Board of Education and is offered to all K-6 grade students.</p>

 <p>Staff and Professional Learning:</p>	<p>Through carefully planned professional development trainings, the teachers are making instructional adaptations necessary to enable our students to achieve the NJCCCS. Our teachers work on committees to modify curriculum and teaching practices to ensure that our pupils perform well on the NJ PARCC tests. We integrate work place readiness skills into our programs as we prepare our students for their roles in the 21st century.</p>
 <p>Student Supports and Services:</p>	<p>We have two full time ESL teachers that are meeting the needs of our students by providing a warm and caring educational environment. Presently we have inclusion classrooms at each grade level and house five self-contained special education classrooms. Our school maintains two I&RS Teams to meet the needs of struggling learners and the intervention teachers support the academic needs of students, while our counselor addresses a variety of students' needs.</p>
 <p>Student Health and Wellness:</p>	<p>Our school nurse provides a warm and caring environment in an effort to protect the total health status of the students and the staff. All health services are provided with the framework of the state laws and Board of Education policies. We offer our students a breakfast and lunch program and provide the opportunity for recess, along with two physical education classes per week.</p>
 <p>Parent and Community Involvement:</p>	<p>Our school staff works with our parents to support the Reeds Road Family School Association. The RRFSA provides assemblies, book fairs, and a variety of evening events to promote a positive home/school partnership. Our school promotes Project H.O.P.E. (Helping Others through Public Education) We participate in food drives, clothing and toy drives, have raised tens of thousands of dollars for Jump rope for Heart.</p>

Facilities:

Our school facility houses close to 600 students. It is very well maintained, approximately thirty years old, and is air conditioned. Recently, we added a state of the art gymnasium, a computer lab, and have rooms to house all of our special area classes. Our outdoor sustainable garden has become a learning environment for the entire school community.

The arts are an integral part of our learning at the school. Our band and choral programs are exceptional and well received by the community. Each year they are highlighted in our Holiday and Spring concerts. Many of our students' talents are recognized and celebrated as they are selected for the all south Jersey Band and Chorus Honors. In addition to a strong academic focus, we take the time to teach and instill Character Education values. Our school emphasizes the values of Honesty, Respect, Responsibility, Kindness, Forgiveness, Fairness, and Courage. We integrate these values in all that we do as a school family and school community. In closing, for everyone involved in the Reeds Road Elementary School, success comes from a unique setting: a home/school partnership, personal contact, team work, hands-on experiential learning, cooperation, concern for the "whole" child, and a limitless amount of love that exists in a "family" atmosphere. As our philosophy states: "Here at the Reeds Road Elementary School, It's All for One and One for all! This is our philosophy. We believe it and we live it."
