

Here at Reeds Road...

It is the norm to see smiling faces and engaging learning activities. As a school family, we value our “Star School of Excellence” status, and we strive to live up to a “Star School” standard. It is common to see Reeds Road students and staff taking pride in their school. Throughout the school year, it is evident that we believe learning is more than just information.

Our teaching philosophy incorporates a hands-on learning approach, and it is typical to see that philosophy in all areas of our school. Here at Reeds Road, we value the success that comes from the “family” atmosphere. These are the norms and values of our school family at Reeds Road Elementary School!
