# Smithville School 5th Grade Heads Up

---

Galloway Township Public Schools

June 2023

Greetings from all the fifth grade teachers here at Smithville. We know that your child has worked hard this year, and we would not want for all of the hard work and learning of the school year to fall by the wayside. We strongly encourage each and every parent to work with his/her child. It is essential that your child knows their basic addition, subtraction, multiplication, and division facts and place value by heart! Encourage the frequent reading of chapter books and model by reading a book, as well. Do research on topics that interest both you and your child. Make everyday a safe day, a fun day, but also a learning opportunity!

Before you know it, the time will come to return to school. The teachers in fifth grade look forward to the opportunity to work with your child. As in years past, there are many school supplies that Galloway Township Schools provide for each student. The fifth grade teachers provide folders and notebooks for certain areas. There are a few items your child may bring the first day of school.
